

# WARNING!

---

## Do not ingest the battery, Chemical Burn Hazard!

This product contains a button cell battery.

- If the button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.
- Keep new and used batteries away from children.
- If the battery compartment does not close securely, stop using the product and keep it away from children.
- If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

Safety battery cap with coin adaptor

## Image 2

Use a coin to unscrew the safety battery cap.  
When unscrewing the cover, hold the knob for the illumination setting with your other hand so that it does not rotate when unscrewing.

The safety battery cap complies with AU & NZ standard AS/NZS 60065:2018.
